Summary of reasons for decision:

This computer moving image file is deemed to be objectionable under s3(2)(a) of the Films, Videos, and Publications Classification Act 1993 because it promotes and supports the exploitation of children or young persons for sexual purposes. The file shows two boys engaged in sexual activity. The purpose of the clip is to sexually titillate or arouse adults with a sexual interest in prepubescent boys and young teenagers. The availability of this material is likely to reinforce this sexual interest and encourage the sexual exploitation of children and young people. The classification of this publication interferes with the right to freedom of expression set out in the New Zealand Bill of Rights Act 1990. However, this is an outcome that is consistent with Parliament's intention and is a reasonable limitation on the

freedom of expression. The classification reflects the concern of a free and democratic society to protect its young and vulnerable members from sexual exploitation.
